### **DETAILED ACTION**

This Office Action is in response to the request for reconsideration filed 16 August 2006.

#### ***Allowable Subject Matter***

Claims 1-10 are allowed.

The following is an examiner's statement of reasons for allowance: Claims 1-3 and 7 are allowable because prior art does not disclose alone or in combination along with the limitation of the independent claim such as an etching stopper layer that has a refractive index within a range that is  $\pm 5\%$  of refractive index of each of the lower, first upper and second upper cladding layer.

Claims 4-6 and 8-10 are allowable because prior art does not show alone or in combination along with the limitations of the independent claim such as a second upper cladding layer having a material different from the material of first upper cladding layer and has a refractive index within a range  $\pm 5\%$  refractive index of first upper cladding layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 2822

**Conclusion**

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
